

Our Vision

Engage. Excel. Enjoy.

We aim to facilitate inclusive and competitive sporting opportunities for students of all ages and abilities to enjoy.

Engage

- Maintain and increase the number of young women participating in competitive and recreational sports.
- Build connections within our college community and West Auckland community to enhance our sporting environments with a wider base of knowledgeable coaches, managers and/or volunteers.
- Create meaningful experiences and learning opportunities for our students through sport to complement academics and special character.

Excel

- Creating an environment where our students have access to the training, equipment, facilities and coaching required to enable them to be competitive and achieve success.
- Encourage continual growth and learning within all sporting codes.

Enjoy

- Play hard and fair while having fun and upholding our Veritas values.
- Build positivity within all sporting experiences regardless of results.
